KEY FEATURES

- **Max Pressure of 150 PSI** – High pressure for inflating a variety of tyres with ease.
- **Air Flow Rate of 75L/min (0 PSI)** – Fast air delivery for quick tyre inflation.
- **Pressure Cutoff Switch (90 PSI ON / 120 PSI OFF)** – Automatically turns off once the set pressure is reached.
- **Thermal Protection (Shuts Off at 115°C)** – Prevents overheating by automatically turning off the compressor.
- **6m Hose Length with NPT 1/4" Quick Connect** – Provides ample reach for inflating multiple tyres or different vehicles.
- **2.5m Power Cable with Battery Clamps** – Connects directly to your vehicle's battery for reliable power.
- **Heavy Duty Carry Case** – Convenient storage and portability for the compressor and accessories.

TECHNICAL SPECIFICATION

Number of Cylinders	1
Cylinder Diameter (Bore)	44mm
Voltage	12-13.8VDC
Current Draw Under Load	32A
Current Draw No Load	17A
In line Fuse Supplied	40A
Air Filter	Yes
Max Pressure	150PSI
Max Working Pressure	120PSI
Duty Cycle	Working 20mins - Rest 40mins
Air Flow Under Load	42L/min(40PSI)
Air Flow Rates	75 L/min (0PSI) 50 l/min (29PSI)
Pressure Cutout Switch	90PSI ON /120PSI OFF
Thermal Protection	Automatically shuts off at 115°C to prevent overheating
Connection to Battery	2.5m Cable with Battery Clamps
Hose Length	6m
Hose Connector Type	NPT 1/4" Quick Connect
Carry Case	Included
Product Dimensions (cm)	35 x 29.5 x 16
Weight	7.3kg
Warranty	3 Years

PACK INCLUDES

- 1 x Air Compressor with heavy duty case
- 1 x Digital Pressure Gauge with auto shut off
- 1 x 6m Inflation Hose with 1/4" NPT quick connect fitting
- 1 x 2.5m Power Cable with battery clamps
