PREMIUM BABY MONITORING

VALUE PACK

BABYSENSE2

Features

- Continually monitors the breathing movement rate of your sleeping baby
- **An audible and visual alarm is activated if your baby's breathing movement slows to a rate of less than 10 breaths per minute or cannot be detected for more than 20 seconds***
- The control unit connects to sensor pads placed under your baby's mattress
- Comfortable and unobtrusive passive sensors have no direct contact with your baby, and cannot limit or obstruct movement
- Babysense2 requires 4 AA Alkaline Batteries (not supplied)
- 2 year Warranty

Babysense2 is included as a medical device on the Australian Register of Therapeutic Goods (ARTG No. 97479). Babysense2 is intended for use as an Infant Apnoea Alarm. ALWAYS READ THE LABEL AND USER GUIDE, USE ONLY AS DIRECTED.
