

ANU930

ANTENNA

GENUINE UHF CB ACCESSORY

The ANU930 is a 3dBi Fiberglass Radome Antenna with a heavy duty spring base. The antenna can be mounted in any position on a vehicle that has a suitable mounting bracket attached, usually with the antenna mounted as high as possible to give best range. The ANU930 is finished in a black powder coating.

Pack Includes:

- Heavy duty spring base
- Length of antenna is 660mm with 22mm fiberglass radome
- Low-loss coaxial cable (4.5m)
- Pre-terminated FME connector and PL259 adaptor
