AP8030 AIR PURIFIER WITH HEPA FILTER

Improve your indoor air quality with multiple levels of air purification to ensure a fresh and odour free ambiance is maintained in the room. Easy-to-use controls and a stylish compact design assist in allowing you to easily move from room to room.

Features

- Three levels of purification (Pre filter/HEPA filter/ Activated carbon filter)
- Night light
- Adjustable fan speed settings (low/med/high/turbo)
- Timer function 2hr/4hr/8hr
- Sleep function
- To suit rooms 15-20m²
- 12 Month warranty

3 LEVELS OF PURIFICATION

Reduces 99.97% of particles down to 0.3 microns with a True HEPA filter.

PRE-FILTER

Captures initial dust and allergen particles.

HEPA FILTER

Captures dust, smoke, pollen and other allergens.

ACTIVATED CARBON FILTER

Removes odours from the air.

Replacement filters available for purchase on the oricom website. (Model no. 2B0136)
